From Tetbury centre proceed up Long Street (main high street) until the road bends to the right. Just on the corner there is a shop named Top Banana Antiques. Take the turning on the left to Hampton Street, passing Top Banana on your left. It almost feels like you are going straight on from the high street.

Take second left onto Chavenage Lane. You can park on the roadside anywhere along here. The driveway to the studio is about 150m along on the left opposite a row of 6 terraced cottages. It is opposite the cottages 'Silverfern' and 'Adhoc Cottage', with a stone wall running down left side and gravel for most of its length. Once parked please walk down the driveway past 4 cottages until the end of the lane where you will see the oak studio on your right.

Please note this is a residential area and I have no signage on the street. The SatNav Postcode GL88JW will bring you to the area but not necessarily our lane.

I look forward to meeting you soon,  
Clare
